# Summer Accomodation

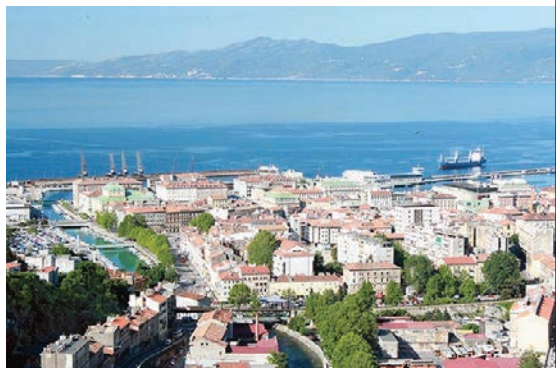

July 16 - August 31

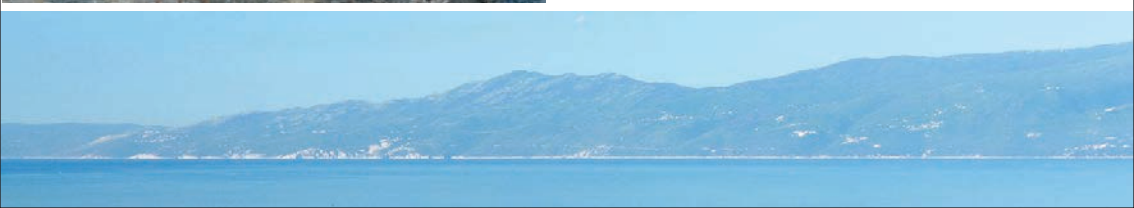

## Welcome to Rijeka!

Welcome to the town whose existence dates back to the prehistoric ages. With time, Rijeka has become a modern, contemporary, open and a multicultural centre. The town's multi-layered historic heritage can be discovered in different cultural and historic monuments, while the best evidence of its character can be recognized in the town's residents that are hospitable and ready to establish new contacts. That is why Rijeka is such a special town whose charm you can feel on its widest street, where everything takes place – on Korzo.

Rijeka is a Middle-European, Mediterranean town with a very favourable geographical location on the north-west part of the Adriatic sea, a position that allows it to be the largest Adriatic port and an important

European port. Rijeka is the administrative and the cultural centre of the Primorje - Gorski kotar County, a centre that attracts not only the hinterland, but also Istria, Gorski kotar and the islands of the Kvarner Bay. There is also the headquarters of the University of Rijeka that is celebrating the 40th anniversary of its existence and activity and that 20 000 students attend yearly. Lately, during the summer months, in the streets you can see a lot of young people from all over the world that love to visit Rijeka, Opatija, Lovran, Kastav... During summer, a lot of attractions and happenings entertain tourists, and that is the reason why they stay – almost every day something is happening as a part of different cultural and social programmes: *Rijeka Summer Nights*, *Summer at the Castle*, *Hartera Festival*, *Summer under the Stars in Opatija*, traditional a cappella singing and other concerts...

Wishing to offer an affordable accommodation to the visitors of Rijeka, the rooms of the Student Dormitories "Ivan Goran Kovačić" are available for rent during the summer months. The Dormitories are located in the first zone next to the town centre and close to a few public bus stops from which you can quickly reach the town centre and other parts of the town. Quickly and easily you can also reach the bus terminal, railway station or the passenger port terminal from where you can travel to other interesting destinations, including the town and suburbs beaches.

During the summer months, we offer 60 twin rooms with a total of 120 beds. The guests have at their disposal a kitchenette and shared bathroom facilities on each floor. The Restaurant is equipped with several TVs, while you can also enjoy your stay on the summer terrace in the courtyard. The front desk is open 24/7, and the facility is provided with a security cameras system. Parking is also under surveillance.

The amenities that make part of the complex are a football field, a basketball

court and a volleyball court. Parties can be organised in the Student's Club. All bedrooms have Internet access, while the Restaurant and the area in the immediate vicinity of the facility have a WiFi (you will need the AAI@Eduhr or a user account to connect to it).

As a part of our accommodation programme, we also offer 8 twin bed apartments.
